

District Newsletter--September 2004

Starting September 1, 2004 Green Mountain Water and Sanitation District will follow the amended drought restriction guidelines set forth by Denver Water. Due to recent weather conditions and customer compliance with watering restrictions, all current watering restrictions will be removed. Customers are asked to voluntarily reduce their water usage by following previous guidelines for watering their yards. Watering for 15 minutes per zone or sprinkler setting once per day, on the days they choose to water.

- Drought surcharges will be removed from water billings for usage after September 1, 2004.
- Seed and sod permits will not be required for new plantings.

As a permanent conservation measure, the Board voted to prohibit outdoor watering by spray irrigation between the hours of 10 AM and 6 PM.

Your continued efforts to conserve this most precious resource are greatly appreciated
